FORM **NOI** 

# Notice of Intent (NOI) Storm Water Discharge Associated With Construction Activity MTR100000

The NOI form is to be completed by the owner or operator of a construction activity eligible for coverage under the Department's *General Permit for Storm Water Discharges Associated with Construction Activity*. Please read the attached instructions before completing this form. You must print or type legibly; forms that are not legible or are not complete or are unsigned will be returned. You must maintain a copy of the completed NOI form for your records.

your records.					
Section A - NOI Status (	Check one):				
New	No prior NOI submitted for the	nis site.			
Resubmitted	Permit Number: MTR10				
Renewal	Permit Number: MTR10				
Modification	Permit Number: MTR10	(Di	iscuss Modification in Section I)		
Section B - Facility or Si	te Information (See instruction	ı sheet.):			
Site Name					
Site Location					
Nearest City or Town		County			
Latitude	J	Longitude			
Is this facility or site locate	d on Indian Lands? Yes	No			
Section C - Applicant (O	Owner/Operator) Information	1:			
Owner or Operator Name					
Mailing Address					
City, State, and Zip Code					
Phone Number	Phone Number				
Is the person listed above the	he construction project owner?	Yes No			
Status of Applicant (Check one)  Federal State Private Public Other (specify)					
Correspondence including fee (invoice), monitoring reports, and other information shall be sent to the:					
Facility Contact (Section 1)	ion F) Applicant (Sec	ction C)			

Section D - Existing or Pending Permits, Certifications, or Approvals:  None						
☐ MPDES				AA		
☐ PSD (Air Emissions)				er		
404 Permit (	dredge & fill)		Othe	er		
Section E - St	andard Indus	trial Classificati	on (SIC) Codes:			
Provide at leas	t one SIC code	which best reflec	ets the construction	n activity or p	roject described in Section H.	
Code		. Primary	Code	J 1	B. Second	
1		<u> </u>	2 1 1			
Code		C. Third	Code		D. Fourth	
3			4			
Section F - Fa	cility or Site (	Contact Person/P	Position:			
Name and Title,	-					
Mailing Addres						
City, State, and						
Phone Number	Zip code					
Section G - R	eceiving Surf	ace Water(s):				
Storm Water C	Outfall/Dischar	ge Locations: For	each outfall, list l	atitude and lo	ngitude to the nearest second	
and the name of	· · · · · · · · · · · · · · · · · · ·	/	D	XX7. 4		
Outfall Number	Latitude	Longitude	Receiving Surfa	ace Waters		
001						
002						
003						
004						
005						
						-
						1
						1
MAP: Attach a	USGS topogr	aphic quadrangle	map extending on	e mile bevona	d the property boundaries of the	1
	1 0			•	es major drainage natterns and	

**MAP:** Attach a USGS topographic quadrangle map extending one mile beyond the property boundaries of the site or activity identified in Section B depicting the facility or activity boundaries, major drainage patterns, and the receiving surface waters stated above.

Section H - Describe the Construction Activity or Project:		
Total Site Area (acres)		
Area of Construction Related Disturbance (acres)		
Estimated Project Start Date		
Estimated Project Completion Date		
Estimated Project Final Stabilization Date		
Summary of Best Management Practices (BMPs) in SWPPP:		
Section I – Supplemental Information		

#### **Section J – Fees:**

Is this project a single family residential dwelling? Yes Fee is \$250.00 (there is no annual fee) No

No Yes Fee is \$450.00 Is this a Permit Modification?

All Other Construction Projects: To obtain the application (NOI) fee, multiply:

Total Number of Named or Perennial

x \$450 x 2= Receiving Surface Waters (maximum of 5)

## Section K - CERTIFICATION

**Applicant Information:** This form must be completed, signed, and certified as follows:

- For a corporation, by a principal officer of at least the level of vice president;
- For a partnership or sole proprietorship, by a general partner or the proprietor, respectively; or
- For a municipality, state, federal, or other public facility, by either a principal executive officer or ranking elected official.

# All Applicants Must Complete the Following Certification:

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information; including the possibility of fine and imprisonment for knowing violations. [75-5-633, MCA]

Delegation of Signature Authority: For persons signing this NOI form on behalf of the authorized signatory identified above, the undersigned represents that he or she is authorized to sign this form on behalf of the permit applicant (owner/operator) identified in Section C. A copy of the letter of authorization, or equivalent, granting signature authority must be attached to this form.

## INSTRUCTIONS FOR

# Form NOI – Storm Water Discharge Associated With Construction Activity

IMPORTANT: The NOI form is to be completed by the owner or operator of a construction activity eligible for coverage under the Department's *General Permit for Storm Water Discharges Associated with Construction Activity*. Do not use this form to transfer permit coverage to a new owner or operator, you must use Form PTN. You must provide the information requested for this application to be complete. Responses must be self-explanatory and must not refer exclusively to attached maps, plans, or documents. The appropriate fees must accompany this NOI Form. Do not submit these items separately. Mail this NOI Form to the DEQ address stated on the Form. You must maintain a copy of the completed NOI Form for your records. Storm Water Construction General Permit documents and related forms are available from the Storm Water Program at (406) 444-3080 or on the DEQ website at: http://www.deq.mt.gov

Please type or print legibly; applications that are not legible or are not complete will be returned.

#### SPECIFIC ITEM INSTRUCTIONS

#### Section A – NOI Status

Check the box that applies and provide the requested information. If an NOI has not been previously submitted for this site, check the first box (New). The Department will assign a permit number when the NOI is submitted. The permit number is a 9-digit code beginning with MTR1. If you submitted a NOI and the Department returned it to you as deficient or incomplete, check the second box (Resubmitted); if you were notified by the Department that the permit coverage expired and you submit an updated NOI, check the third box (Renewal); if there is a change in the facility or site information (Section H), check the last box (Modification). If an NOI has been submitted and returned as incomplete the number appears in the upper right hand corner of the NOI form. If the site is covered under the *General Permit for Storm Water Discharges Associated with Construction Activity*, the number is given on the Confirmation of Receipt letter sent to you by the Department. The permit number must be included on any correspondence with the Department regarding this site.

# *Section B – Facility or Site Information:*

Identify the name of the site or what the project will be called. The site is the land or property where the facility or activity is physically located or conducted, including other land used in connection with the facility or activity. Give the address or location of this facility or site and the geographical information. Latitude and longitude must be accurate to the nearest second. Sources include GPS, a USGS topographic map, and/or "Topofinder" from <a href="http://nris.mt.gov/interactive.html">http://nris.mt.gov/interactive.html</a>. The location may be a physical mailing address or description of how the site may be accessed. (PO Boxes are not acceptable.)

# Section C – Applicant (Owner/Operator) Information:

Give the name, as it is legally referred to, of the person, business, public organization, or other entity that owns, operates, controls or supervises the site or activity described in Section B of this NOI form. The permit will be issued to the entity identified in this section (Section C). The owner or operator assumes all liability for discharges from the site and compliance with the terms and conditions of the General Permit. If the owner or operator is other than a person or government entity it must be registered with the Montana Secretary of State's office.

## Section D– Existing or Pending Permits, Certifications, or Approvals:

Specify by number any existing or pending permits that exist for this facility or activity.

## Section E – Standard Industrial Classification (SIC) Code:

List, in descending order of significance, the four digit SIC Code(s) that best describe the type of construction activity at this site. Also, provide a brief description in the space provided. A complete list of

SIC Codes (and conversions from the newer North American Industry Classification System (NAICS)) can be obtained from the Internet at <a href="http://www.census.gov/epcd/www/naics.html">http://www.census.gov/epcd/www/naics.html</a> or in paper form from the document entitled "Standard Industrial Classification Manual", Office Management and Budget, 1987. SIC Code listings may also be found at <a href="http://www.osha.gov/pls/imis/sicsearch.html">http://www.osha.gov/pls/imis/sicsearch.html</a> . At least one SIC code must be provided. See attached table for common SIC codes.

# Section F – Facility or Site Contact Person/Position:

Give the name, title, and work phone number of a person who is thoroughly familiar with the operation of the facility or site activity or project and with the facts reported in this form, and who can be contacted by the Department for additional information. Those facilities with periodic changes in the contact person may provide the contact person position instead of a person's name.

# Section G – Receiving Surface Water(s):

An outfall location is considered to be a discrete channel, conveyance, structure, or flow path from which storm water discharge leaves the boundary of the construction site or facility and/or enters surface water. "Surface waters" is defined in ARM 17.30.1102(32) as any waters on the earth's surface including, but not limited to, streams, lakes, ponds, reservoirs, or other surface water including ephemeral and intermittent drainage ways and irrigation systems. Water bodies used solely for treating, transporting, or impounding pollutants shall not be considered surface water. Provide the following information in the table on the application form:

- 1. Assign a number to each outfall starting with 001. If the outfall is not well defined, assign the outfall number to a drainage area. For existing permittees, ensure outfall numbers used are consistent with those identified in the past for the same outfall.
- 2. Latitude/longitude can be derived from a USGS 7.5 minute topographic map and/or "Topofinder" at <a href="http://nris.mt.gov/interactive.html">http://nris.mt.gov/interactive.html</a>. Latitude and longitude must be accurate to the nearest second.
- 3. Give the name of the surface waters that receive the storm water discharge. If the discharge reports to a municipal storm sewer, please indicate so.
- 4. Please attach a USGS topographic map(s) indicating the boundary of your construction site or facility, major drainage patterns, and the receiving surface water(s).

#### Section H – Construction Activity or Project Information:

As required by ARM 17.30.1115(2), provide the required information. A detailed description of the Best Management Practices (BMPs) must be included in the Storm Water Pollution Prevention Plan (SWPPP). In addition to the NOI form, you must submit a SWPPP for the Department to consider the NOI package to be complete.

# Section I – Supplemental Information:

Use the space provided to expand upon any information requested in the NOI or information you wish to bring to the attention of the reviewer. Attach additional sheets, if necessary. For applicants requesting a modification to existing NOI or SWPPP, provide an explanation of the requested modification.

#### Section J – Fees:

Use the space provided to calculate the appropriate fee. The Department will not process the NOI form until the appropriate application fee is paid. Fees are determined based on the total number of named or perennial surface receiving waters provided in Section G and as shown on a USGS topographic map. Applicants may have to assess the potential storm water runoff drainage flow path down to these named or perennial surface waters to obtain this total number. For additional information on permit fees, see ARM 17.30.201 et seq.
